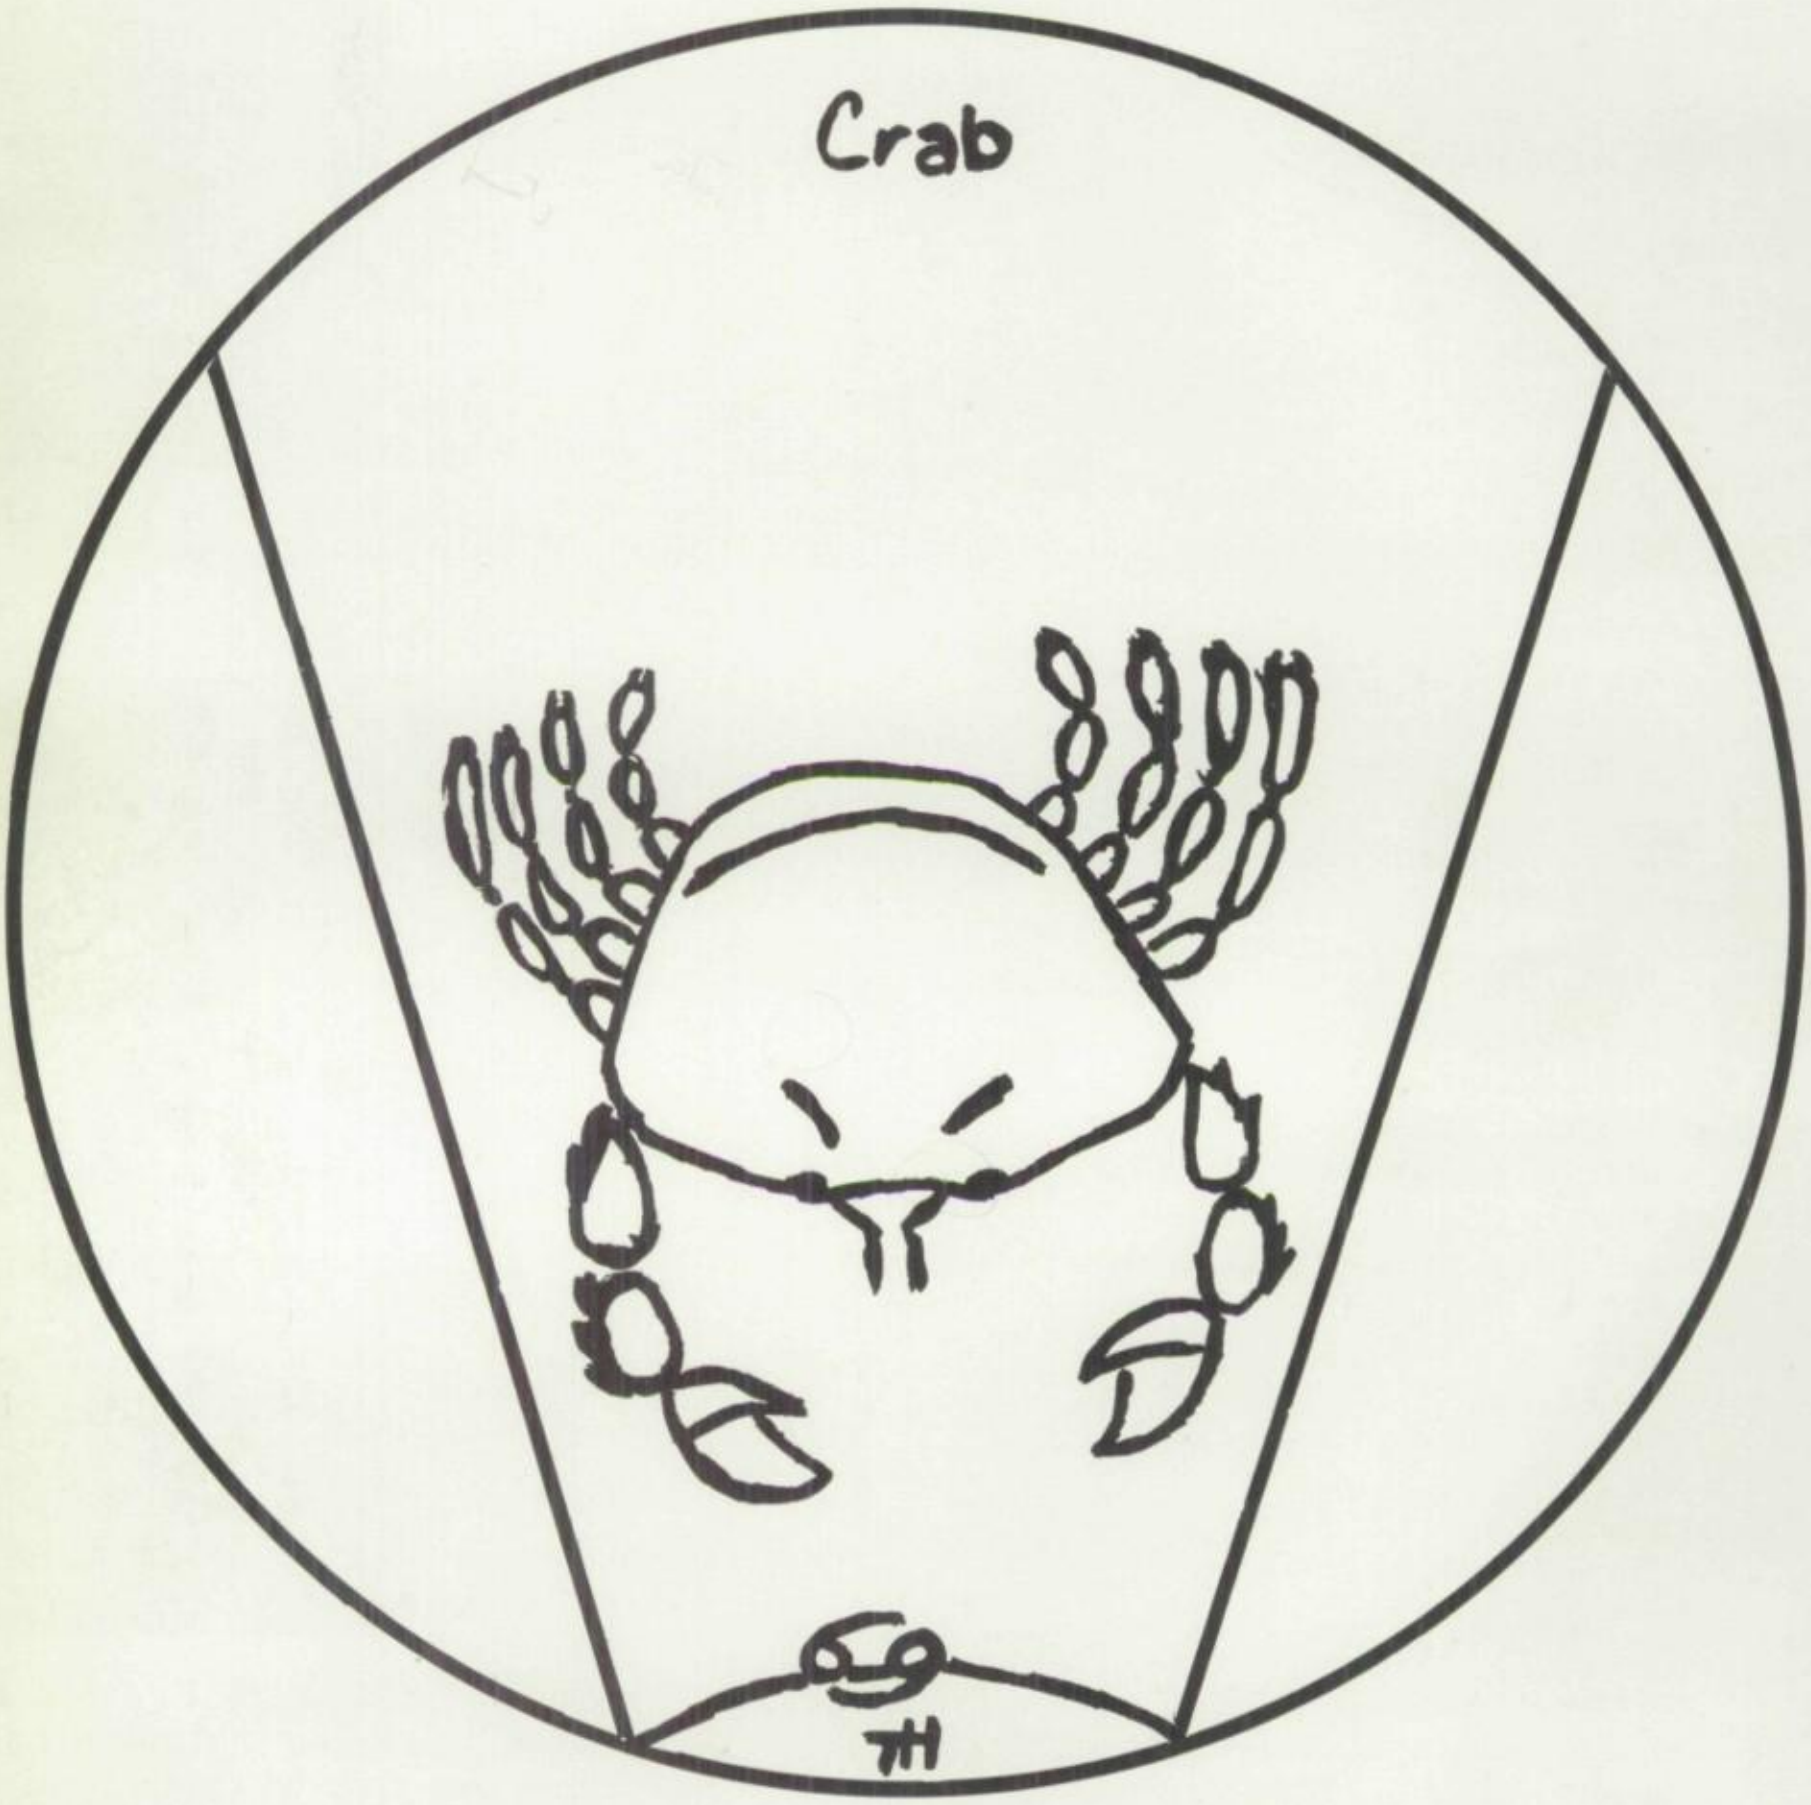
HIGH SCHOOL

Cancer June 22-July 22



WE'VE HAD PROBLEMS, WE'VE HAD FUN; WE'RE THE CLASS OF '71!

Senior class officers are: Tim Higby, President; Mike Daharsh, Vice President; Patsy Knox, Secretary; Monty Thompson, Parliamentarian; Lisa Leeman, Reporter; Karen Wilmoth, Treasurer; Donna Meigs, Historian.

Donnie Cook and Patsy Knox were chosen as Senior Class favorites.

This year the Class of '71 faced the anxiously awaited event - their last year of high school.

They selected midnight blue and silver as their class colors, the honeysuckle as their class flower, their motto; "Hands that work, brains that think, hearts that love." Mr. Foreman had the pleasure of being selected as their sponsor.

Looking back on their past 11 years at DHS, they find the memories of all the fun they've had, the friends they've made, and also, the friends they've had to say good-bye to. Regardless of the bad times that can't be erased, we still have the enjoyable things to remember.

At the beginning of their Freshman year (1967-68), they had 36 Freshman present and accounted for. Down through the years, their class has dwindled and lost many of the classmates that were once an important part of their group.

Twenty-three students now characterize the Senior Class of 1971. They continue in hopes of successfully reaching one of the most important steps of life - GRADUATION DAY!

ANNUAL STAFF KEEPS BUSY

The annual staff has been busy getting the annual out on time. In September the editors and adviser went to Fort Smith to a workshop. They brought back several ideas that have helped them put out a better annual. Putting out an annual is a lot of work, but when the finished product comes out in April we all feel that it is worth it.

THE STUDENT COUNCIL RULES

The object of the student council is to try and bring before the faculty and administration the wishes of the pupils. This year the student council sponsored school events and also took charge of monitoring the halls. They also assisted the teachers when they needed help. A student in the student council learns how to be a leader and represent the student body.

THE NATIONAL HONOR SOCIETY GETS BULLETIN BOARD FOR NEW SCHOOL

The National Honor Society in our school is comprised of 18 members. We are expecting an increase in the membership at the end of the year, though. New members are selected from the Sophomore, Junior, and Senior classes. Certain qualifications must be met before you become a part of the Honor Society. You must have at least a 3.0 grade average. Your leadership ability and your conduct is also considered. Therefore it is an honor to be a member.

Each year the National Honor Society picks out a project. This year for our project a new bulletin board was bought for the school.

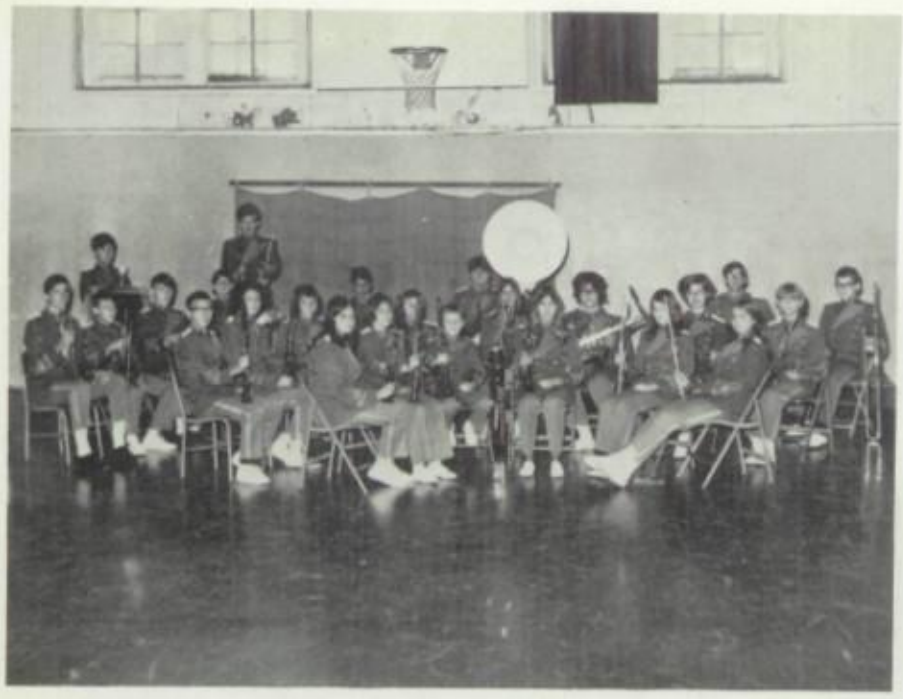
DECATUR HIGH SCHOOL BAND WORKS HARD ALL YEAR.



Much work has been put into the band these past few years. As there isn't enough time in each school day to include a period exclusively for band, they have to meet during a different period each day. This means extra work for the students in the band in the classes they miss as well as their band work.

The class had a great time getting ready for the plays and in putting them on. Everyone helped someway, from building the stage, to running errands. A special thanks goes to Mr. Dickson for putting up with us by being our sponsor and director.

Play cast just minutes before the show began.

"You'd better run you little brat, or I'll wring your neck!"

OUTSTANDING STUDENTS REPRESENT DHS

There are a lot of outstanding students at DHS, but there are always a few that really stand out. First there's the Boy Staters and Girl Staters. These students are chosen by the activities in which they participate, their leadership ability, and grades. They also have many requirements they have to live up to. Then there's Mr. and Miss DHS. This is any girl and boy picked from grades 7-12. They are picked by popularity and what they've done for the school. Junior Miss is another proud title to hold. You represent your school at the district contest and then some get to go on to the state pageant. For this you are chosen on talent, leadership, grades, appearance, physical fitness, poise, and personality. There are also the Seniors who represent Decatur at Empire District Electric Company's banquet for area Seniors. The group for this is chosen from leadership, grades, and activities. Picked on poise and personality, Miss Decatur represents the town as well as the school.

SENIOR HIGH CHEERLEADERS SOCK IT TO 'EM

This years Senior Cheerleaders have really socked it to us. There are 6 Cheerleaders with Jan Austin Captain and Jeannie Bradley Co-Captain.

The Cheerleaders have done a great job of boosting the Bulldogs' Spirit. They've worked very hard doing this. They plan to do more by having pompom routines, etc., to help make us more proud of our teams and school.

The Cheerleaders worked hard this summer to earn money for new pompoms, that are really pretty. They earned money by having a bakesale, ice cream social and car wash. They also helped the Quarterback Club by selling tickets for new gym bleachers and doing other things for them.

The Cheerleaders also gave a dinner for the football players and plan to do something for the basketball players, too.

SENIOR HIGH FOOTBALL TEAM FIGHTS TILL THE END!

Coach Max Wilkins

This year's Senior High Football Team started off with a bang this season beating Elkins, Colcord, and Mountainburg. They just didn't seem to come out ahead in some other games even though they played superb football.

The team played hard and hustled all year and we are very proud of our team and coach!!

The team developed some fine players this year with all the seniors, juniors, and most of the sophomores on the main team. Decatur will have most of it's team back again next year and will surely have another fine team.

We owe a lot of credit to the seniors who were the team leaders and gave the team a lot of spirit. We will hate to see them go this year.

THE JUNIOR HIGH FOOTBALL TEAM HUSTLES ALL YEAR

Coach Stanley Spicer

The Juniors had a record of 4 wins and 5 losses. The main spark to the team this year has been Leroy Duncan both on offense and defense.

Considering the exchange of coaches in the middle of the season they did a real good job.

The "B" team really worked this year too and they meet their task by winning all of their games except for two, which they tied.

THE BULLDOGS DEVELOPED BLUE PRIDE

The Decatur High School Bulldogs were all pride this year. The boys played a few games away from home to start the 1970-71 season off. This was good because it gave the Boys time enough to get used to the gym. The opening night in the new gym was a real thiller, but the Bulldogs came up a little short as Cedarville took home a 47-43 victory. By the time the Homecoming came around the Boys were rolling right along and to prove it they won the game with a 81-40 victory over Farmington. At one time during the season the Bulldogs supported a 10 game winning streak. All together, Seniors, Juniors, Sophomores and Coach have worked to develope the pride of the Blue.

There will be five Seniors leaving the team this year but this shouldn't stop the Bulldogs next year from having another great year as they have had this year. They know what its like to win and they like it. The leaving Seniors will be missed and all the Boys will remember them.

JUNIOR BOYS STRIVE FOR SUCCESS

Basketball is one of the leading sports for the Junior High boys. The boys have worked hard and played some close games. They've had a new coach this year and had to adjust. This year there are six Freshmen, four Eighth Graders, and two Seventh Graders. So they should be looking forward to another good year.

ADMINISTRATORS WORK HARD TO IMPROVE SCHOOL SYSTEM

Superintendent: Mr. M.C. Tucker, High School Principal: Mr. Randall Spear
Elementary School Principal: Mr. Baz Wilson

Headed by Mr. M.C. Tucker, our administrators, high school principal, Mr. Randall Spear and elementary school principal, Mr. Baz Wilson, have worked very hard in making this school year a success. They have done their best to make our school one of the best in northwestern Arkansas. Many new rules have been added to our school policy this year. Although everyone will not agree with all of them, they are all necessary to operate our system smoothly. We are very proud of our new school and equally proud of our administrators.

DECATUR SCHOOL BOARD WORKS HARD

The Board of Education has much work to do around and for the school. They have held meetings for new policies to help get our new school off to a good start. They also make sure all the old policies already adopted are running smoothly.

The type of school board we have determines the type of school we have and we feel we have one of the best. These men give freely of their time and talents for the community to see that everything runs smoothly.

Members are: Dean Browning, Pres., Ray Crowley, Sec., Dr. E. N. McCollum, Vice Pres., R. C. Goodlet, and Bob Meek (not pictured)

THE OFFICE STAFF KEEPS BUSY

Mrs. Perkins, school secretary, keeps very busy keeping the school records and helping Mr. Tucker and the teachers.

Mrs. Foreman, not only teaches motor skills to grade school students, she also keeps records and assists Mr. Wilson, the principal.

Mrs. Perkins at one of her many duties.

Mrs. Foreman, elementary school clerk, teaching motor skills.

THE SCHOOL OFFICIALS WORK EVERYDAY

The bus drivers are chatting a little and having their picture taken while they are waiting for school to let out. l. to r. J.J. Thompson, John Inman, Johnny Webb, Elzie Webb, Beecher Wilkins.

Our school custodian, Mr. Harold Siler, has a busy job taking care of the elementary and high school buildings. We appreciate his concern and well kept manner of our school.

With lunch nearing the cooks are preparing our daily meal. l. to r. Mr. & Mrs. Herb Kinsey, and Thelma Wilmoth.

IF, AT FIRST, STUDENTS DON'T LEARN, POUND, POUND IT IN.

The Decatur High School and Elementary faculty consists of a total of twenty teachers. The Elementary faculty has nine teachers and the High School has eleven members of the faculty.

We realize that the teachers are very hard-working individuals who are concerned with the futures of all students. We, therefore, believe that their common goal is higher education. These Decatur faculty members have done an outstanding job and should receive ample acknowledgement.

Below is a list of teachers and the classes they try to pound into the heads of the students.
